MEMORANDUM FOR: Director of Personnel

SUBJECT : Medical Evidence for Accelerated Retirement

The attached memorandum by [ ]s 25X1A9A  
descriptive of specific cases we have experienced in the  
past. The number of such cases, according to our recollection,  
has not been large. As one of many arguments, our experience  
may offer some degree of evidence in support of early retire-  
ment; it would not appear, however, to constitute a main  
argument at this time.
